LUBE LOGIC®

RFP2000 Series

REMOTE FILL PUMP FOR UP TO THREE SS SERIES LUBRICATORS 15 GALLON RESERVOIR

- Allows personnel to keep reservoirs full without climbing ladders
- Automatically keeps reservoirs full
- Only pumps when the reservoir needs to be filled
- Low Voltage, requires only one 24 V.D.C cord to connect to each SS lubricator
- Can use ALL LUBRICANTS from “dry film” (ISO 2) through “synthetic oil” (ISO 100)
- Includes 50 feet of supply tubing, 50 feet of return tubing, and 50 feet of cord to connect to each SS lubricator

DESCRIPTION

- RFP2000-15-1: Remote fill pump for one SS lubricator.
- RFP2000-15-2: Remote fill pump for two SS lubricators.
- RFP2000-15-3: Remote fill pump for three SS lubricators.
- RFP2000AK: Adder kit to add station to existing RFP2000 pump.
